

GOLINE 80W & 150W LED LINE MARKING PROJECTORS

The GoLine 80W & 150W Projectors are industrial laser line marking systems designed to create thick, highly visible floor lines without the ongoing maintenance of traditional paint or floor tape. Built for demanding environments, they offer adjustable line lengths, a wide power and temperature range, and maintenance-free operation with no fans or motors. With quick installation and minimal downtime required, GoLine provides a reliable long-term solution for defining walkways, traffic lanes and high-risk zones.

PRODUCT FEATURES:

- Designed for industrial environments
- Wide power range
- Wide temperature range
- Maintenance free, no fans or motors
- Adjustable line length options
- Quick install - minimal downtime required

AVAILABLE IN:

- Colours: Yellow, Green, Red, Blue & Orange
- Line Width: 75 to 125mm depending on projection distance
- Projection: 80W & 150W
- Lenses:
 - 53° (1:0.93 throw ratio)
 - 73° (1:1.4 throw ratio)
 - 90° (1:1.86 throw ratio)

APPLICATIONS:

- Dusty, dirty or wet environments where typical floor markings quickly deteriorate
- Cold storage and freezer facilities
- Pedestrian walkways and forklift traffic separation
- High-risk industrial work areas

LIMITATIONS & NOTES:

- Not suitable for applications in full sunlight
- Must be installed by a qualified electrician (when hard wiring)
- Each application must be customised to suit your environment - no one size fits all
- Technical data sheet is available on request
